Dear Savage,

One can never have enough orange. That is most evident in our school where the color is displayed in the hallway lockers, tile floor, locker rooms, bathrooms and classrooms. Even the basketballs echo Savage's school colors. Savage does take great pride in who we are and celebrates our students' successes. That was obvious in the spirit displayed at the Eastern Divisional basketball tournaments. The crowd was vocal and positive while cheering for our hard working teams and coaches. It was a historic moment for our girls' team being the first Divisional champions for Savage...ever.

Yes, I know we are here for the academics and to better our student achievement, but studies show that students who are involved in extracurricular sports are more likely to make the honor roll. While we have smart students, where does the town go to see that academic achievement? Sports are really the only visible avenue where the community can regularly gather to see how our team performs. Having a team go to the State Basketball Tournament is a rare and wonderful opportunity for the entire community. I encourage you to follow our team to Belgrade and cheer from your heart.

Remember, CELEBRATE ALL THAT IS SAVAGE.

Sincerely,

Lynne Peterson

Superintendent

School Board candidates must file by March 30

There will be a school election on May 2, 2017 starting at 12:00 Noon until 8:00 p.m. There will be two trustee positions open on the Board for three year terms. Michelle Smith has filed for re-election. If you are interested in running for a trustee position, please come to the Clerk's office to pick up a form to file for the position. You no longer need signatures on a petition. You do need to be a registered voter and live in the school district. Board meetings are mandatory and you also need to be willing to take advantage of training sessions. The last date to file to be a trustee is March 30th, 2017 by 5:00 p.m.

Community library box is up

The Shop Class has finished the free library box and has mounted it on a post at Diana Miller's house. It already has books in it for your enjoyment. Please feel free to use this box as often as you like. Hopefully the community will enjoy the opportunity for new reading material. A huge thank you to the students who worked on this project and to Wade Hagler for being willing to use this as a class project. They did a great job!!!!

Golf to be offered in spring P/T Conferences March 16

There will be an additional sport this spring at Savage High School. Warrior athletes will be able to hit the links as part of the newly formed golf team. Henry Huber will serve as coach. Practices will take place at the Sidney Golf Course. Students will have to ride up to the course for practices. Please check our website, www.savagepublicschool.com for more information, including schedules.

Third quarter parent-teacher conferences will be done on March 16. Conferences run from 3:30-6:30. If you have a child in elementary school, please make sure you make an appointment with your child's teacher.

In addition, the Savage National Honor's Society will once again be holding a free will soup feed during conferences. They hope to raise enough money to establish a scholarship for a senior.

Missoula Children's Theater is coming at end of March

Be on the look out in the coming month, as permission forms will be coming home for students to take part in this year's Missoula Children's Theater production. This year's play will be The Tortoise Versus The Hare. Show week is March 27-31, with performances on Friday, March 31. Students must be able to make all their scheduled rehearsals and both performances. We are also looking for someone to play piano for the week. If you are interested in playing piano, or have any questions about the event, please contact Mr. Hoffmann at ahoffmann@savagepublicschool.com.

Kindergarten shows off their poetry skills

March is here! With it comes the return of spring (hopefully) and St. Patrick's Day celebrations. That got Mrs. Verhasselt's kindergartners in a writing mood. Check out their writings on leprechauns and rainbows. Still wishing it were Valentine's Day? Mrs. Prevost's first grade wrote short stories about The Day it Rained Hearts". Check out their writing and art work later in the newsletter!

The Day It Rained hearts

written by the first grade students

One day it rained hearts and then the most amazing thing happened! When the drops touched the pink sidewalk they turned into little orange, blue and brown houses. Inside there were small people eating Valentine heart cookies.

One day it rained hearts and then the most amazing thing happened! When the red hearts fell on the long sidewalk they turned into pink and blue marshmallows. I ate all of the marshmallows and got a tummy ache.

written by Zach V.

One day it rained hearts and then the most amazing thing happened! As soon as the hearts fell I put them in my pockets and took them home. When I took them out they were cookies.

written by Ashton K.

One day it rained hearts and then the most amazing thing happened! When the hearts fell on people they changed size. Some people grew bigger and some people shrank.

written by Max G.

One day it rained hearts and then the most amazing thing happened! When the red hearts fell on the ground they turned into heart puddles. Then I put them in my pockets to throw them up in the sky, but they didn't stay in the sky.
