

Fall is upon us, as is the season of Thanksgiving. We have plenty to be thankful for at Savage School. We are thankful for our updated curriculum that we continue to work with. We have updated our elementary reading curriculum, our elementary science curriculum, our high school history curriculum and our high school math curriculum. While that is a lot of change, all of it is moving our school in a positive direction.

We are thankful to those in our community and the surrounding area that are supporting our young readers. Thank you to Red-E-Mix for your donation to put books into the hands of all our elementary students. We are thankful to those helping make this happen. We hope this helps nurture a love for reading.

I cannot stress enough how grateful I am to work in a school where everyone comes together to ensure school success. Thank you to those that are in the front lines and those behind the scenes. We at Savage School will strive to express our gratitude and would like to encourage everyone to do the same during this season of Thanksgiving.
